Dairy

Issue #89

Inside this issue:

Dear Readers,

Today you are receiving the **89th** issue of our "Global Trade Newsletter" generated out of our "Egypt4Trade" business intelligence system for the **Dairy Sector**.

In our today's issue, we would like to draw your attention to:

Report highlights dairy industry progress in sustainability

Sustainability is top of mind with consumers, and it's becoming increasingly important for the U.S. dairy industry to communicate its efforts in that regard.

The measure of **sustainability** in agriculture has moved beyond environmental stewardship to also encompass a wide variety of markers that involve social and economic issues... [Read more](#)
